

Keeping Your Family
Protected...

LYNX

ADEMCO

A Honeywell Company

...and Connected.

For peace of mind, you need to know that what you cherish most—your family and your home—are safe and secure. Look no further than LYNX.

ADEMCO's state-of-the-art system provides superior protection, watching over your property and the people you love—when you're home and when you aren't. But LYNX does so much more than keep your family safe... it keeps them in touch. Its intelligent design, powerful features and advanced household communication capabilities take security to new levels—bringing your family closer, making your home more comfortable and making life easier than you've ever dreamed possible.

LYNX. It's just part of what we do at ADEMCO to keep your family protected...

and connected.

Welcome home to peace of mind.

Security Made Simple

The user-friendly LYNX puts optimum security at your family's fingertips. Features include a full 16-button keypad, an easy-to-read LCD display and a voice response system that speaks to you in plain English. The sleek, attractive unit blends perfectly with any decor and can be placed on a wall or tabletop.

Wireless keypad actually talks to you—announcing system status in clear spoken English.

Lynx can actually call you and alert you to alarms and remind you of important appointments.

LYNX offers easy, fingertip control of indoor and outdoor household lighting, garage doors and select appliances. You'll have peace of mind, knowing that your home and family are safe and sound while enjoying the comforts of home automation.

LYNX also includes enhanced paging—great for working parents who want to verify that their children have arrived home safely from school.

Ideal for busy households, LYNX's Family Message Center lets everyone record and playback voice memos for one another. LYNX can also be used as a convenient, hands-free speakerphone.

Two-way voice lets central station operators listen in and talk to you when a signal is received. You'll have the assurance that the proper emergency response personnel will be dispatched should the need arise.

Reliable wireless smoke and heat detectors provide the ultimate protection of life and property.

Protect open areas and windows with motion sensors and glassbreak detectors.
